

# DISTANCE LEARNING VERSUS CGESD ONLINE LEARNING ACADEMY

## MAKING THE CHOICE THAT IS RIGHT FOR YOUR STUDENT

- REGARDLESS OF CHOICE ALL STUDENTS ENROLLED WITH CGESD:
- CAN ACCESS COMPUTERS/DEVICES AVAILABLE FOR CHECK OUT
  - RECEIVE INSTRUCTION IN STANDARDS-BASED CURRICULAR PROGRAMMING
  - YOU CAN CHANGE YOUR STUDENT'S ENROLLMENT AT ANY TIME

**Distance Learning** is TEMPORARY and is determined by current safety restrictions in response to COVID-19.

Its purpose is to provide a way to start school virtually until it is safe to return to school in person.

Students are enrolled in their 'neighborhood' school and will be assigned a teacher like they have been in past years.

Each student's teacher will give daily/weekly assignments in a digital format. When it is safe to return to our school buildings students will return, in person, to the teacher they have been working with online.

**CGESD Online Learning Academy** is a NEW school, that will function completely virtually.

Its purpose is to provide a completely on-line learning option for students.

Students must be enrolled in CGESD Online Learning Academy, and it becomes their school. They will be assigned a CGESD teacher within the Academy.

Teachers will design an entire year of academic material to be delivered in an online format. Students will not attend a 'school building'. Students' individual needs will be met by a teacher, but in a virtual setting only.
